### PQRS TOOLS FOR EACH REGISTERED PROVIDER

#### MEASURE ANALYZER™

Analyzes your specific practice management data to count patients, visits, or episodes of care eligible for each PQRS measure, by domain. You can make a fully informed decision about which measures are most applicable to you.

#### INCENTIVE ANALYZER™

Analyzes your specific practice management data to predict the incentive or penalty that will apply to you.

#### PATIENT LIST GENERATOR™

Provides you a list of patients/visits you will need to abstract to generate your qualifying submission based on the measures you have selected.

#### DATA UPLOAD OPTIONS

Convenient and secure options to upload your performance data for processing.

#### SUBMISSION DASHBOARD™

Track the status of your project and stay informed about the progress of your submission.

#### PERFORMANCE ANALYZER™

You will receive performance reports by provider and Measure.

Receive interim reporting to see the results before you submit.

You will be notified when the data you have entered appears to qualify for incentive and/or avoid penalty.

You choose if and when you submit your data.

#### DOCUMENT LIBRARY

Provides documents that will help you plan and implement your PQRS submission project including eligibility specifications and PQRS Performance Tools for each measure.
